Kelly, we really appreciate you taking the time! I've already incorporated changes into the Meeting Summary, and will work with Carrie next week to get the changes into the Guiding Principles.

Kelly and I apologize for the delay, but I really appreciate the fact that Kelly was able to carve out any time in her incredibly busy days to look at these documents so carefully. After she and I talked through some of her comments in the Draft Best Practices document, I went ahead and edited some of the sentences myself, in track changes and deleted her comment so avoid any confusion that they hadn't been addressed. The Draft Guiding Principles has her minor edits intact.
